TALENT SANITIZATION MANUAL

Policy for permitting the use of TALENT materials
and information outside of the TALENT Control System.*

I. Authority

This manual has been established and will be revised as required through the agreement of the United States Intelligence Agencies. It will be administered within each of those Agencies by the Senior Intelligence Officer. The implementation of this manual will be subject to inspection and review by the Director of Central Intelligence, or his designee, in cooperation with the participating agencies.

II. General Policy

To encourage and facilitate the maximum use of TALENT materials and TALENT information outside of the TALENT Control System consistent with the preservation of source security and the highest national interest of the United States.

III. Purposes

A. To set forth principles and procedures to govern the sanitization of TALENT materials and TALENT information in order that such may be used outside of the TALENT Control System.

B. To define methods whereby TALENT information may be included in non-TALENT intelligence publications.

C. To identify those who may be authorized to engage in sanitization or control of the use of TALENT information in non-TALENT intelligence publications.

* Policy for sanitization of electronic data is issued as a separate section
